

Library/Media Center

Welcome to the Library/Media Center! This is a quiet, fun place where learning, research, and pleasure reading take place. There is a variety of reference materials located on the west wall of the library; Story collections, autobiographies, biographies, non-fiction, and fiction are in the middle stacks. The card catalog and Librarian are available to help locate a book. Books are checked out for a 2 week lending period. If you need more time for reading, come in and we will renew your book for you to finish. Overdue notices are sent out every other week.

The center is shared with K-4th grades. Each week I will have these classes at various times for library. Please enter the library quietly, especially when an elementary class is present. I ask that you respect the Elementary space as well as they respect the High School space. Please use the upper library door for entering and exiting.

We have computers and a printer, as well as videos, research CD's, Internet, periodicals and AV equipment available.

Enjoy your high school years. I'm looking forward to meeting all of you!

Mrs. Liston

Library/Media Associate
